

CONSTRUCTION UPDATE

PILE DRIVING WORK ON 880/92

December 2, 2010

As the 880/92 reconstruction continues the Caltrans contractor will be pile driving on the westbound SR-92 to the southbound I-880 connector.

Pile driving for the new bridge will occur for one week beginning next week ***weather permitting*** on weekdays from 7a.m. to approximately 3p.m.

Residents should expect some noise as the piles are being driven into the ground.

Caltrans and the Alameda County Transportation Improvement Authority would like to thank the community for its patience and understanding during the construction activities.

If you have questions about the project, please visit the Caltrans District 4 website at:
